\$15,000 FOR NEW BRIDGE, TOO

Balance of Sum is Deficiency Appropriation, Excepting Norris Ford Bridge.

The county council in the two-day session ending today appropriated a total of \$44,772. The council was very liberal, giving the county commissioners practically everything that was asked. In the appropriations is an item of \$15,000 for a new roof at the court house.

\$15,000 for the Hancock-Rush county line bridge over Blue River. The cost will be devided between the two counties, but the intitial cost will be paid by this county as the bonds will be sold here. A total of \$28,600 of the appropriations went towards bridge expense.

A few of the appropriations were for some deficiencies in several funds, but a majority were for future work. The commissioners at their next\ meeting. Monday, will more than likely advertise for bids for the new roof at the court house. The new roof is badly needed and by starting the preliminary work at this time the work can be done during the summer months. It is also expected that steps will soon be taken towards building the Blue river bridge now that the appropriation has been secured.

Another bridge that the council nade an appropriation for is the Norris Ford bridge. This bridge is estimated to cost \$10,000 and this was the amount secured from the council. The appropriations follow: Expense Clerk's office ___ \$ Expense Auditor's office ... Seven candidates received the first degree amplified form at the county meeting of the Knights of Pythias Monday night. At the lunch following S. L. Trabue acted as toastmaster and Robert A. Brown, grand keeper of records and seals, made the chief address. Short talks were also made by the toastmaster, District Deputy Grand Chancellor Walter Peters of this city and Charles Wyker of Connersville, who formerly held the position Mr. Peters now holds. There were about 150 present.

DOING BUSINESS JUST SAME

Work has already started on the by fire last Friday. The building will be similar to the one that burned and will be a frame structure. The building will not be erected on the exact site of the old structure but will be built to the south and closer to Third street.

A concrete foundation is being put in now and the men back of the plant hope for it to be in operation again in at least a month. The foundation of the old building will be used for sheds that will be erected for storage purposes. When the new building is completed the company will have more room than formerly. William Woliung is the contractor. The company is going ahead with the business just as though nothing happened and orders are being taken as before the fire.

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling & water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless. (Advertisement.)

Our Automatic Dry Rooms

To dry your clothes we hang them upon an endless moving belt which carries them into the steam heated drying cabinet; and after so many times across, it brings them out and automatically drops them, dry and clean, into the basket placed to receive them.

Our dry room is heated by steam pipes and the hot air is kept in constant motion by fans, the damp air being forced out, and pure, clean air admitted continually.

This method of drying insures the freedom of your clothes from dust and dirt of the street, from smoke and grime, etc.and makes them as sweet and fresh as if dried out of doors.

We keep our dry rooms, as well as our entire plant, clean and sanitary by a thorough cleaning daily.

Vote X for CHARLES OWENS Republican Candidate from Orange Township for Commissioner Southern District of Rush County, Primary March 7, 1916

As it is impossible for me to see everyone personally I take this method of introducing myself to the voters of Rush County, Indiana. I am a farmer, always a staunch and loyal Republican; forty-five years of age, married and with a family. I was trustee for Orange Township for six years, and was elected in 1908. I WAS THE FIRST REPUBLICAN TRUSTEE OF ORANGE TOWNSHIP IN TWENTY YEARS PREVIOUS TO THAT TIME. Said township now has a Democratic Trustee. Have served as administrator for various estates in Rush County. I was Secretary and Treasurer of the Building Committee of the Moscow Christian Church built in 1910, was secretary and treasurer of the Moscow Gas Company for 12 years, and if nominated and elected will give Rush County an economical business administration. I am in favor of good roads and lower taxes,

My number on all ballots will be No. 40

Vote X for CHARLES OWENS Republican Candidate from Orange Township for Commissioner Southern District of Rush County, Primary March 7, 1916

As it is impossible for me to see everyone personally I take this method of introducing myself to the voters of Rush County, Indiana. I am a farmer, always a staunch and loyal Republican; forty-five years of age, married and with a family. I was trustee for Orange Township for six years, and was elected in 1908. I WAS THE FIRST REPUBLICAN TRUSTEE OF ORANGE TOWNSHIP IN TWENTY YEARS PREVIOUS TO THAT TIME. Said township now has a Democratic Trustee. Have served as administrator for various estates in Rush County. I was Secretary and Treasurer of the Building Committee of the Moscow Christian Church built in 1910, was secretary and treasurer of the Moscow Gas Company for 12 years, and if nominated and elected will give Rush County an economical business administration. I am in favor of good roads and lower taxes.

My number on all ballots will be No. 40

If you conscientiously take part and make choice among the candidates, it is your privilege to discuss the results. If you stay at home and sulk, you have no right to criticize. Get out and vote and help get out the vote. It is the duty of every man who expects to vote the Republican ticket at the next election Tuesday, November 7, 1916, to help nominate the Republican ticket at the primary. Young men not yet 21 years old, but who will have reached that age by November 7th, may vote at the primary.

We Need a Strong Campaigner DIES AT THE HOME

The test of a candidate is, can be get the votes? In 1914 Hugh Th. Miller, candidate for United States Senator, received 14,795 votes in the District. Lynch received 14,880 votes. LYNCH RECEIVED MORE VOTES THAN THE HEAD OF THE TICKET.

In 1912 Gray's plurality in the District was 8,745; in 1914, Gray's plurality was only 3,491. LYNCH REDUCED GRAY'S PLURALI-TY 5,254.

What a man can do in the future is to be judged by what he has done in the past. If Lynch gets these results with a divided party he can redeem the Old Burnt District with a united party.

GIVE HIM ANOTHER CHANCE AND SEE

Republican success demands a hard, vigorous speaking campaign. The candidate must be a man in the vigor of middle-aged manhood. If Lynch is nominated there will be no watchful waiting in this campaign.

Clear, Peachy Skin **Awaits Anyone Who Drinks Hot Water**

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious-merry, bright, alert-a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere. An inside bath is had by drinking

each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particulary those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to con-taminate the blood while the pores in the thirty feet of bowels do.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste product, remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as they ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentanel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentanel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

The Constipation Curse

Constipation - clogged bowels cause pain and sickness; 95 per cent of our ills, say the authorities. Sentanel Laxatives bring quick relief. All vegetable — contain no calomel. Ten doses for a dime at druggists. Physician's sample free, upon request, if you mention this advertisement. The Sentanel Remedies Co., Inc., 800 Madison Ave., Covington, Ky.

Thin Girls, Cut This Out

Some unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color- pink cheeks and red lips-while theirs are always colorless. The reason for this last named condition is—there is not enough red blood corpuscle in the blood-under a microscope the blood is thin and watery. The flesh is flabby, too. Well-known physicians assert that the regular administration for several months, of 5 grain tonoline tablets will greatly improve the color, add to the weight, make the cheeks pink and the lips red and in general be very beneficial. For self administration obtain from any druggist. For sale by Hargrove and Mullin. (Advertisement)

Appropriates \$44,772 Today, \$15,-000 of Which is For New Roof on Court House.

\$15,000 FOR NEW BRIDGE, TOO

Balance of Sum is Deficiency Appropriation. Excepting Norris Ford Bridge.

The county council in the two-day session ending today appropriated a total of \$44,772. The council was very liberal, giving the county compractically everything that was asked. In the appropriations is an item of \$15,000 for a new roof at the court house.

The recent flood hit the county for \$15,000 for the Hancock-Rush county line bridge over Blue River. The cost will be devided between the two counties, but the intitial cost will be paid by this county as the bonds will be sold here. A total of \$28,600 of the appropriations went towards bridge expense.

A few of the appropriations were for some deficiencies in several funds, but a majority were for future work. The commissioners of their next meeting. Monday, will more than likely advertise for bids for the new roof at the court house. The new roof is badly needed and by starting the preliminary work at this time the work can be done during the summer months. It is also expected that stens will soon be taken towards building the Blue river bridge now that the appropriation has been secured.

Another bridge that the council made an appropriation for is the Norris Ford bridge. This bridge is estimated to cost \$10,000 and this was the amount secured from the council. The appropriations follow: Expense Clerk's office ... \$ 190.00 130,00 Expense Andstor's office___ Expense Treasurer's office 550.00 250.00 Expense Recorder's office 2.00 Expense Sheriff's office ... Washington, Feb. 29.—Grover C. Secretary Lansing Speaks Plainly of German Ambassador's Improper Publicity Methods.

GIVES LIE TO MORNING STORY

Says His Department Has Not Ex-Pressed Any Views of Latest Memorandum From Berlin.

(By United Press.)

Washington, Feb. 29.-Secretary Lansing today administered another direct rebuke to Ambassador Bernstorff for what he regards as the improper publicity methods of the am-

He issued a formal statement announcing that reports of the contents of the German memorandum laid before him yesterday by Bernstorff had not been made public by himself or his department and further declared no statement had been made expressing his department's views regarding the memorandum. Morning newspapers printed what purported to be a paraphrase of the memoradum.

Lansing's statement follows:

I have made no comment and expressed no opinion in regard to the matter."

The secretary was obviously out of patience with certain lengthy statements credited to the state department, which tended to indicate that the negotiations with Germany had reached a most satisfactory point.

The secretary remained with the president until the cabinet meeting

The terrific force of the explosion blew the building high into the air and made the ground tremble as in an earthquake for miles around. The loss will exceed \$50,000.

HOT TEA BREAKS A COLD-TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folks call it. "Hamburger Brust Thee," at any pharmacy. Take a table spoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time | It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a 🧸 cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

No Political Entanglements **VOTE FOR HIM MARCH 7th**

Vote for "33" Ezekiel M. Jones (better known as "Zeke") a Republican Candidate for Sheriff, from Ripley Township, Rush County, at Primary March 7, 1916.

I have found it absolutely impossible to see all of the voters before the Primary to solicit their support for my candidacy for Republican nomination for Sheriff of Rush County, but I desire to say that I have always been a loyal, staunch and true blue Republican. I live in Ripley Township now and cast my first vote in Rush County for James G. Blaine. I nor any of my immediate family have never held nor asked for any public office nor have I been the nominee for any except that I was a candidate in 1912 for Sheriff of Rush County and withdrew on the fourth ballot in the county delegate convention, and went out and worked my best for the ticket, as I always have done.

FOR REFERENCE to my Republicanism or qualifications for this office I refer you to any business man or bank in Rush county. I CAN BE ELECTED IF NOMINATED.

My number on ballott will be 3 on all ballots I thank you in advance for your support, Yours Very Truly,

Clear, Peachy Skin **Awaits Anyone Who** Drinks Hot Water

Says an inside bath, before break fast helps us look and feet clean, sweet, fresh.

Sparkling and vivacious-merry bright, aiert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; insteal of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of proyechacked months avertured. of rosy-cheeked people everywhere.

An inside bath is had by drinking

each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colder and particular those who have colds; and particulary those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice in-ternal sanitation. We must remem-ber that inside cleanliness is more imper that inside comminess is here im-portant than outside, because the skin does not absorb impurities to con-taminate the blood while the pores in the thirty feet of bowels do.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.) (The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," asys a well-known hygienist, "is to keep the liver and bowels normally active. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as facey ought, without producing evil after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due fargely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calome' because of its effectiveness—though, of course, it is not to be classed with the real calome! I mercurial origin. There is no habit-forming constituent in 'sentanei' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Thin Girls, Cut This Out

Some unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color- pink cheeks and red lips-while theirs are always colorless. The reason for this last named condition is-there is not enough red blood corpuscle in the blood-under a microscope the blood is thin and watery. The flesh is flabby, too.
